

Yoxall Parish Council Meeting/Reports  
June 2nd 2020  
Held under special conditions of delegated powers due  
to Corona virus Pandemic.

Apologies. Nil required.

Chairman's' Announcements.

While the lock down is now less severe restrictions continue. It is hoped to hold a Parish Council Meeting in some form on our next regular meeting date of 2nd July with the Zoom facility. Details will be announced in the usual way on our notice boards so that members of the public can attend if they wish.

The Parish Council have continued to work and report seamlessly throughout the crisis and so has avoided a large backlog of work to be undertaken later in the year.

Thanks to the support of our County Councillor the Parish Council has been able to provide funding for the Zoom facility for Yoxall parishioners, additional copies of the Fisherman magazine in June, filters and material for face masks, a second copy of the newsletter in May and a donation towards the setup of the food bank.

The village remains clean and tidy. Thank you to our volunteers and our regular litter pickers who incorporate this as part of their walks.

We are hoping to have the memorial refurbished soon.

We will also be following up speed watch signs which we were hoping would be installed the beginning of this year.

Report from Borough Council representative.

Borough controlled Car parks are to reinstate their charges along with the reopening of high street shops. There are plans to install new machines in order for people to have a choice on method of payment.

Planning.

Leafields farm - Still being looked into. Concerns raised regarding traffic in Hadley Street.

Dunstall Lane - Land use for ponies.

Application to convert a vacant barn at Longcroft.
